INDUSTRIAL-STRENGTH PIPE STANDS

Robust construction, ready to outperform the competition!

2 models are available to you :

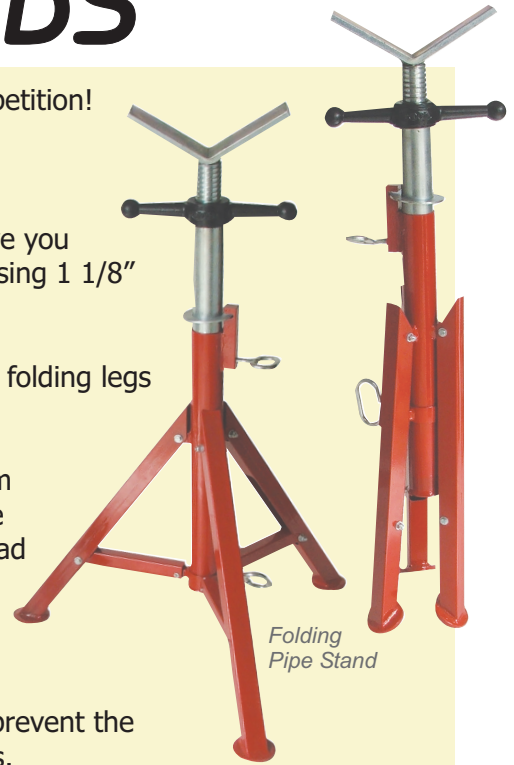

The Fixed leg pipe stand has been designed to give you the highest quality pipe stand in today's market using 1 1/8" (32mm) square tube box steel construction.

The versatile, folding pipe stand's are designed with folding legs for easy storage and transportation.

Both the models are adjustable in height from 27 1/2"(70cm) to 48" (122cm) and available with a choice of four interchangeable head styles : Stainless Steel Vee-head, Ball transfer head, Steel wheels head and Nylon wheel head.
