PRODUCT INFORMATION

"a range of balanced, ergonomic MIG torches designed to deliver high-uptime performance. SIFGun uses high quality parts and the popular BND style of front-end spares to provide a high-duty air-cooled operation."

FEATURES

- Durable microswitch trigger system, with easy trigger replacement.
- Knuckle joint for improved motion
- Non-conductive cable supports
- Spring-loaded plug switch-pins
- Flexible, manoeuvrable, high-duty neoprene-insulated power cables.

High-Duty Air-Cooled
MIG Welding Torches

- Short & long tips/head-assemblies
- Available in 200A, 300A and 400A air-cooled models, with 3m, 4m or 5m length cable assemblies.

EN60974-7
