

PRODUCT INFORMATION

H625 ONE-PIECE CUTTING TORCH

BUH625

SUMMARY

Heavy Duty Cutting Torch, Series Model 625. Head Angle 90° and Torch length 450mm. Cuts up to 300mm steel and features reverse flow check valve.

TARGET APPLICATIONS

To be used for cutting and gouging applications. Simply change the tip for the required use.

FURTHER INFORMATION

- Low pressure torch for Acetylene and Hydrogen
- Solid-forged head resists abuse and distortion
- Triangular tube design is compact and lightweight with exceptional strength and rigidity
- Brazed connections prevent leaks
- Solid-forged lever for exceptional strength, positioned underneath
- Ease-on oxygen for smoother starts
- Fuel gas pressure low as 0.15 bar
- Heats and cuts fast
- Aids lower fuel gas consumption

ARTICLES & ACCESSORIES

Part Number	Product Description
BUH625	One-Piece Cutting Torch
CCNFF0	10-15mm NFF Cutting Nozzle
CCNFF1	15-25mm NFF Cutting Nozzle
CCNFF2	25-50mm NFF Cutting Nozzle
CCNFF3	50-75mm NFF Cutting Nozzle
CCNFF4	75-150mm NFF Cutting Nozzle
CCNFF5	150-200mm NFF Cutting Nozzle
CCNFF6	200-300mm NFF Cutting Nozzle

TECHNICAL SPECIFICATION

Cutting Capacity	1mm - 300mm
Head Angle	90°
Inlet Threads	3/8"
Mixing System	Acetylene
Fuel Gas	Oxy-Acetylene/Hydrogen
Weight	1.3kg
